

February 7th and 8th 2019

THURSDAY (February 7th)

8:30 – 10:00 → REGISTRATION (Lobby)

10:00 – 10:30 → OPENING CEREMONY (VK Hall)

10:30 – 11:30 → SESSION 1: CLINICAL NEUROSCIENCE (VK Hall)

- 10:30 – 11:00 → prof. Dunja Degmečić, MD, PhD
Schizophrenia and creativity: Using creativity in therapy
- 11:00 – 11:30 → asst. prof. Svetlana Tomić, MD, PhD
Where does Parkinson's disease start: In brain or gut?

11:30 – 11:45 → COFFEE BREAK, SNACK (VK Hall)

11:45 – 12:45 → SESSION 2: TRANSLATIONAL NEUROSCIENCE I (VK Hall)

- 11:45 – 12:15 → prof. Marija Heffer, MD, PhD
What have we learned from the Mouse Model of Hereditary Spastic Paraplegia?
- 12:15 – 12:45 → Marta Balog, MSc in Biology
The connection of chronic stress to neurodegeneration

12:45 – 14:30 → POSTER PRESENTATIONS 1 (VK Hall)

- Student presentations

14:30 – 15:30 → BUFFET LUNCH (Hospital Dining Hall)

15:30 – 17:00 → ORAL PRESENTATIONS 1 (VK Hall)

- Student presentations

17:00 – 19:00 → WORKSHOPS 1, 2, 3

- 17:00 – 17:45
 - Venipuncture (Biochemistry practicum)
 - Differential blood count (DBC) (Histology practicum)
 - Visualization of structures in the neural tissue (Microbiology practicum)
- 18:00 – 18:45
 - Venipuncture (Biochemistry practicum)
 - Differential blood count (DBC) (Microbiology practicum)
 - Visualization of structures in the neural tissue (Histology practicum)

19:00 – 20:30 → EVENING MEDICAL QUIZZ (VK Hall)

FRIDAY (February 8th)

8:30 – 11:30 → WORKSHOPS 4, 5

- 8:30 – 9:45
 - Surgical stitching (Biochemistry practicum)
 - Advance life support (ALS) (Physiology practicum)
- 10:00 – 11:15
 - Surgical stitching (Biochemistry practicum)
 - Advance life support (ALS) (Physiology practicum)

11:15 – 11:30 → COFFEE BREAK, SNACK (Lobby)

11:30 – 13:00 → ORAL PRESENTATIONS 2 (P1 Hall)

- Guest lecturer: Mirna Anđelić, Postgraduate Associate
- Student presentations

13:00 – 14:00 → BRUNCH (Lobby)

14:00 – 15:45 → SESSION 3: TRANSLATIONAL NEUROSCIENCE II (VK Hall)

- 14:00 – 14:30 → prof. Sijetlana Kalanj – Bognar, MD, PhD
Neuroplastin: A new player in disorders related to memory and cognition
- 14:30 – 15:00 → Vedrana Ivić, PhD
The contribution of Western diet to neuropathology

15:00 – 15:15 → COFFEE BREAK, SNACK (VK Hall)

15:15 – 16:00 → SESSION 4: PLENARY SESSION (VK Hall)

- 15:15 – 16:00 → prof. Zdravko Petanjek, MD, PhD
Neuroarcheology of psychopathology: Normal structure but aberrant architecture of cortical network?

16:00 – 17:30 → ORAL SESSION 3 (VK Hall)

- Student presentations

17:30 – 19:30 → POSTER SESSION 2 (VK Hall)

- Student presentations

19:30 – 21:30 → CLOSING CEREMONY + DINNER (VK Hall and Hospital Dining Hall)

22:00 – ... → AFTER PARTY AT TUFNA CLUB (Franjo Kuhač Street 10)
